Attorneys for Plaintiff

UNITED STATES DISTRICT COURT

NORTHERN DISTRICT OF CALIFORNIA – SAN FRANCISCO DIVISION

REBECCA MENSAH,

Plaintiff,

v.
Experian Information Solutions, Inc.;
Equifax, Inc.; Specialized Loan Servicing,
LLC and DOES 1 through 100 inclusive,

Defendants.

CASE NO.

COMPLAINT FOR DAMAGES:

1. Violation of Fair Credit Reporting Act;
2. Violation of California Consumer Credit Reporting Agencies Act;

COMES NOW Plaintiff REBECCA MENSAH, an individual, based on information and belief,
to allege as follows:

INTRODUCTION

1. This case arises under the Fair Credit Reporting Act, 15 U.S.C. § 1681s-2(b) and the California Consumer Credit Reporting Agencies Act, California Civil Code §1785.25(a). Plaintiff seeks redress for the unlawful and deceptive practices committed by the Defendants in connection with their inaccurate, misleading, or incomplete reporting of Plaintiff's debt included in Plaintiff's Chapter 13 bankruptcy.
2. The United States Congress has found the banking system is dependent upon fair and accurate credit reporting. Inaccurate credit reports directly impair the efficiency of the

1 banking system, and unfair credit reporting methods undermine the public confidence,
2 which is essential to the continued functioning of the banking system.

3 3. There exists today in the United States a pervasive and fundamental misunderstanding
4 about the long term impact filing a consumer bankruptcy has on a consumer's credit
5 worthiness. Specifically, many consumers believe that because a bankruptcy can be
6 reported on their credit report for ten years their credit worthiness will be ruined for the
7 same length of time. This is not true.
8 4. The *majority* of consumer Debtors who file consumer bankruptcy do so to *raise* their
9 FICO Score and remedy their poor credit worthiness.
10 5. It is entirely possible for consumer Debtors to have over a 700 FICO Score within as
11 little as 12 months after filing a consumer bankruptcy (Chapter 7 or Chapter 13).
12 6. Creditors and lending institutions are aware of the misconception that filing a consumer
13 bankruptcy destroys a consumer's credit worthiness for ten years.
14 7. In an effort to perpetuate the aforementioned bankruptcy myth, creditors intentionally
15 and routinely ignore credit reporting industry standards for accurately reporting
16 bankruptcies and debts included in those bankruptcies in an effort to keep consumers'
17 credit scores low and their interest rates high.
18 8. Creditors know that by deviating from recognized credit reporting standards consumers
19 will have difficulty raising their credit scores and improving their credit worthiness.
20 9. These credit reporting issues are most prevalent in Chapter 13 bankruptcy filings.
21 10. Consequently, in the United States today it is objectively worse for consumers' credit
22 worthiness to file Chapter 13 and pay back some or all of their debt, as opposed to
23 filing Chapter 7 liquidation where Creditors generally receive nothing.
24 11. This was not the intent of Congress when enacting the Fair Credit Reporting Act and
25 the Bankruptcy Abuse Prevention and Consumer Protection Act.

26 **JURISDICTION & VENUE**

27 12. Plaintiff re-alleges and incorporates herein by this reference the allegations in each and
28 every paragraph above, fully set forth herein.
13. This Court has jurisdiction under 28 U.S.C. §§ 1331, 1337, and 1367, and 15 U.S.C. §

14. This venue is proper pursuant to 28 U.S.C. §1391(b).

2 **GENERAL ALLEGATIONS**

3 15. Plaintiff alleges that each and every defendant data furnisher was included in Plaintiff's
4 Chapter 13 bankruptcy filing.

5 16. Plaintiff alleges that each and every Defendant is familiar with credit reporting industry
6 standards and subscribes thereto.

7 17. Plaintiff alleges that each and every Defendant understands that deviation from credit
8 reporting industry standards can and often does result in denial of credit, higher interest
9 rates, and prompts those making credit decisions to draw a more negative inference
10 from the reported data than if the Defendant reported in accordance with the recognized
11 industry standard.

12 18. Plaintiff alleges that all actions alleged herein by Defendants were done knowingly,
13 intentionally, and in reckless disregard for credit reporting industry standards in an
14 attempt to purposefully undermine Plaintiff's ability to reorganize and repair Plaintiff's
15 FICO Score.

16 19. In the alternative Plaintiff alleges that each and every Defendant's actions was the
17 result of reckless policies and procedures that inevitably led to inaccurate, misleading,
18 or incomplete credit reporting.

19 **FICO, Inc.**

20 20. FICO is a leading analytics software company with its principal headquarters located in
21 San Jose California. FICO has over 130 patents related to their analytics and decision
22 management technology, and regularly uses mathematical algorithms to predict
23 consumer behavior including credit risk.

24 21. The FICO Score has become the standard measure of consumer credit risk in the United
25 States and is used in ninety percent of lending decisions.

26 22. A FICO score consists of a three-digit number summarizing a consumer's credit risk or
27 likelihood to repay a loan. FICO periodically updates its scoring models resulting in
28 multiple FICO Score versions.

- 1 23. Base FICO Scores range from 300 to 850, while industry-specific FICO Scores range
- 2 from 250-900. A higher FICO Score demonstrates lower credit risk or less likelihood of
- 3 default.
- 4 24. Different lenders use different versions of FICO Scores when evaluating a consumer's
- 5 credit worthiness.
- 6 25. There are 28 FICO Scores that are commonly used by lenders.
- 7 26. A consumer's FICO Score is calculated based solely on information in consumer credit
- 8 reports maintained at credit reporting agencies (CRAs).
- 9 27. The three largest CRAs are Experian Information Solutions, Inc.; Equifax, Inc. and
- 10 Transunion, LLC.
- 11 28. FICO does not control what information is provided on a consumer's credit report.
- 12 Instead, the scoring models or algorithms are based on the premise that information
- 13 provided by the CRAs is accurate and complies with credit reporting industry
- 14 standards.
- 15 29. There are five key factors that a FICO Score considers: 1) Payment History 2) Amount
- 16 of Debt 3) Length of Credit History 4) New Credit and 5) Credit Mix.
- 17 30. Each of the five factors is weighted differently by FICO.
- 18 31. 35% of a consumer's FICO Score relates to payment history, 30% relates to the amount
- 19 of debt, 15% relates to the length of credit history, 10% relates to new credit, and the
- 20 last 10% relates to a consumer's credit mix or the different types of debts reported.
- 21 32. Payment history refers to whether a consumer has paid their bills in the past, on time,
- 22 late or missed payments. The more severe, recent, and frequent the late payment
- 23 information, the greater the impact on a FICO Score. Public record items such as
- 24 bankruptcy, foreclosure, judgments, and wage garnishments are also considered part of
- 25 a consumer's payment history.
- 26 33. In factoring the severity of delinquent payments a FICO Score considers how late the
- 27 payment continues to be, how much is owed, how recently this occurred, and how
- 28 many delinquent accounts exist.
- 29 34. Once a delinquent account has been remedied the longer the account stays current the
- 30 more a consumer's FICO Score should increase.

35. FICO Scores are entirely dependent upon information provided by data furnishers (DFs) to CRAs.

36. The FICO scoring formula treats both Chapter 7 and Chapter 13 Bankruptcies similarly in terms of their impact on one's FICO Score. Specifically, both Chapters have the same level of severity with respect to their FICO Score and for both, FICO uses the FILING DATE to determine how long ago the bankruptcy took place.

Metro 2

37. The Consumer Data Industry Association is an international trade association representing the consumer credit, mortgage reporting, employment and tenant screening and collection service industries.

38. The credit reporting industry has adopted a standard electronic data reporting format called the Metro 2 format. The Metro 2 format was developed by the CDIA in an effort to universally report debts in a particular manner that is understood to be the most accurate way in which to report a debt. Specifically, Metro 2 format was designed to allow reporting of the most accurate and complete information on consumer's credit history.

39. The CDIA's Metro 2 format is the credit reporting industry standard for accurate credit reporting.

40. The credit reporting industry at large depends upon Metro 2 and the CDIA's recommendations for reporting debt accurately.

41. The CDIA is *The* expert on accurate credit reporting. In support of this allegation Plaintiff avers the following:

- a. The CDIA offers a FCRA certificate program for all CRAs.
- b. The CDIA offers a FCRA awareness program for all CRAs.
- c. The CDIA offers a FCRA Certificate program for DFs.
- d. The CDIA offers a FCRA awareness program for DFs.
- e. The CDIA offers a Metro 2 Learning system to provide detailed instructions on the use of Metro 2 format to ensure understanding of the reporting guidelines for each field of the Metro 2 Format as well as the relationship between multiple fields.

- f. The CDIA hosts workshops developed and authorized by Equifax, Experian, Innovis, and Transunion.
- g. The CDIA developed a credit reporting resource guide for accurately reporting credit.

42. The CDIA's Metro 2 is accepted by all CRAs.

43. The credit reporting accepted industry standards for reporting metro 2 accurately are found in the CDIA's credit reporting resource guide (CRRG).

44. The CRRG outlines the industry standards for most accurately reporting debts using Metro 2.

45. The CRRG is not readily available to the public. It can be purchased online for \$229.45.

46. Even if a buyer is ready willing and able to pay for the CRRG, the CDIA will NOT grant access to the guide unless the buyer represents an organization included in the Metro 2 Access Policy.

47. When FICO calculates credit scores the algorithms use Metro 2 information based on industry standards established by the CDIA.

48. The algorithms used by FICO in determining a consumer's credit score are premised on the Metro 2 data received comporting with the CDIA's recommendations for accurate credit reporting.

49. If the Metro 2 data received by FICO deviates from industry standards an inaccurate or incorrect FICO Score results. If the resulting FICO Score is lower a consumer will be considered a higher credit risk resulting in less favorable lending terms.

e-OSCAR

50. E-OSCAR is the web based Metro 2 compliant system developed by Experian Information Solutions, Inc.; Equifax, Inc.; TransUnion, LLC and Innovis that enables DFs and CRAs to create and respond to consumer credit disputes
51. When a consumer sends a dispute letter to a CRA the CRA then sends an automated credit dispute verification (ACDV) via e-Oscar to the DF.
52. The ACDV contains within it Metro 2 codes next to certain data fields associated with a credit file e.g. “Account Type” “07” (07 in Metro 2 refers to a Charge Account)

1 **Bankruptcy Credit Reporting Industry Standards & Consumer
2 Information Indicator**

3 53. When a consumer files bankruptcy certain credit reporting industry standards exist.

4 54. Certain Metro 2 data is regularly expected and calculated by FICO when determining a
5 consumer's credit worthiness.

6 55. The Consumer Information Indicator (CII) is a critical field in the Metro 2 Format that
7 indicates a special condition that applies to a specific consumer.

8 56. Under Metro 2 the CII must be reported only on the consumer to whom the information
9 applies.

10 57. It is the credit reporting industry standard to report a very specific CII upon the filing of
11 a consumer bankruptcy.

12 58. In the consumer bankruptcy context CII Metro 2 Code "A" denotes that a petition for
13 Chapter 7 has been filed, is active, but no discharge has been entered.

14 59. CII Metro 2 Code "D" indicates that a Chapter 13 petition has been filed, is active, but
15 no discharge entered. This is usually translated on a consumer credit report as "Wage
16 Earner Plan" or "WEP" in the "Account Status" portion of a trade line. Such reporting
17 alerts any potential lender that the account is no longer in a collectable status but is
18 being handled by a Chapter 13 trustee.

19 60. The CII Metro 2 Code "Z" indicates that a bankruptcy petition has been filed but the
20 chapter is undesignated/unknown.

21 61. The CII Metro 2 Code "E" denotes that a Chapter 7 bankruptcy has been discharged.

22 62. The CII Metro 2 Code "H" denotes that a Chapter 13 bankruptcy has been discharged.

23 63. The CII field is a critical field for consumers and directly relates to and impacts a
24 consumer's credit worthiness.

25 64. The lack of a CII reported makes it appear that a consumer has not addressed
26 outstanding debt obligations through the bankruptcy process.

27 65. The lack of a CII reported also suggests that creditors are free to collect against a
28 consumer as an individual or that no stay exists to prevent *in personam* collection
 activity.

66. Failure to report the correct CII indicator will prompt those making credit decisions to
draw a more negative inference regarding a consumer's credit worthiness.

1 67. Under the Fair Credit Reporting Act a bankruptcy can be reported for ten years.
2 68. The ten-year rule for reporting runs from the date the bankruptcy was *filed*.
3 69. A consumer's FICO Score is directly related to the date on which a petition is filed and
4 acknowledged.
5 70. The more time that has passed since the filing of the bankruptcy, the less negative
6 impact the bankruptcy will have on a consumer's FICO Score.
7 71. Failure to reference the bankruptcy filing (CII field) and or the correct petition date
8 shall result in a lower FICO Score resulting in those making credit decisions to draw a
9 more negative inference regarding a consumer's credit worthiness.

9 **Pre Confirmation Credit Reporting Standards Regarding Balances and**
10 **Ongoing Payments When All Borrowers File Chapter 13**

11 72. Certain credit reporting standards exist on how to accurately and completely report
12 balances on consumer debts pre plan confirmation.
13 73. Pre confirmation the accepted credit reporting standard for accurately and completely
14 reporting a balance included in a Debtor's chapter 13 plan is to report the outstanding
15 balance amount as of the date of filing.
16 74. Pre confirmation the accepted credit reporting standard for accurately and completely
17 reporting a scheduled monthly payment amount is to report the contractual monthly
18 payment amount.
19 75. Pre confirmation the accepted credit reporting standard for accurately and completely
20 reporting a past due balance is to report the past due amount as of the time the petition
21 was filed.
22 76. Pre confirmation the accepted credit reporting standard for accurately and completely
23 reporting ongoing payments is to report the Metro 2 indicator D in Field 18 which
24 means no payment history available this month.
25 77. Within the credit reporting industry, the Metro 2 indicator D is seen as accurately and
26 completely illustrating that the automatic stay of the bankruptcy is preventing ongoing
27 collection activities against the debtor and creditors are not anticipating receiving
28 payments directly from the debtor. The Metro 2 indicator D thus simultaneously
 illustrates to those making credit decisions that payments were NOT made and received
 but also NOT anticipated.

78. Deviation from the aforementioned credit reporting industry standards shall result in a more negative inference being drawn with respect to a consumer's credit worthiness

Post Confirmation Credit Reporting Standards Regarding Balances and Ongoing Payments When All Borrowers File Chapter 13

79. Certain credit reporting standards exist on how to accurately and completely report balances and past due balances post plan confirmation.
80. Post confirmation the accepted accurate credit reporting standard for reporting balances is to report the balance owed under the Chapter 13 plan terms. The balance should decrease with payments made.
81. If the plan does not call for payments to be made on a particular debt the accurate credit reporting standard is to report a \$0.00 balance.
82. Post confirmation the accepted accurate credit reporting standard for reporting past due balances is to report a \$0.00 past due balance.
83. Post confirmation the accepted accurate credit reporting standard for monthly payments is the Chapter 13 plan payment amount.
84. Post confirmation the accepted accurate credit reporting standard for payment history is to report the Metro 2 indicator D each month. Reporting ongoing past due amounts and ongoing late payments are not generally accepted as accurate by the credit reporting industry.
85. Plaintiff alleges that the aforementioned industry standards are all readily available in the CRRG which each and every Defendant subscribes thereto.
86. The CDIA and credit reporting industry recognize that allowing Creditors to continuously report on going delinquencies and past due balances post confirmation would objectively make filing Chapter 13 and repaying Creditors exponentially worse for a consumer's credit worthiness as opposed to filing Chapter 7. Thus, deviation from the aforementioned credit reporting industry standards shall result in a more negative inference being drawn with respect to a consumer's credit worthiness.

Plaintiffs Bankruptcy Filing

87. Prior to filing Chapter 13, Plaintiff pulled a credit report on June 27, 2011 to ensure all outstanding debt was properly listed and scheduled in Plaintiff's petition.
88. The credit report was pulled from a third party vendor CIN Legal Data Services.

1 89. Plaintiff alleges that all the information contained within the June 27, 2011 CIN report
2 was compiled by information gathered by CIN directly from the three major CRAs-
3 Experian Information Solutions, Inc.; Equifax, Inc. and Trans Union, LLC.

4 90. The CIN report contained within it Plaintiff's estimated credit score of 544 based on the
5 information provided by the CRAs.

6 91. The CIN report also estimated Plaintiff's 12-month post-bankruptcy credit score at 590.

7 92. Plaintiff alleges such scores were based on anticipated accurate credit reporting
8 industry standards.

9 93. Plaintiff filed for Chapter 13 bankruptcy protection on June 27, 2011 in order to
10 reorganize and repair Plaintiff's credit worthiness and FICO Score.

11 94. Post filing Defendants would not accept payments directly from Plaintiff.

12 95. Post filing Defendants were not anticipating receiving payments directly from Plaintiff.

13 96. Under the terms of the confirmed Chapter 13 plan, unsecured Creditors are allowed a
14 0% disbursement of their filed claims over the course of Plaintiff's plan.

15 97. Plaintiff's plan was confirmed on September 1, 2011.

16 98. On March 8, 2016 Plaintiff ordered a three bureau report from Experian Information
17 Solutions, Inc. to ensure proper reporting by Plaintiff's Creditors.

18 99. Plaintiff noticed 3 different trade lines on the March 8, 2016 credit report all reporting
19 inaccurate, misleading, or incomplete information that did not comport with credit
20 reporting industry standards. Specifically, multiple trade lines continued to report
21 Plaintiff's accounts with inaccurate balances, monthly payments, and/or open. Some
22 accounts even failed to register that Plaintiff was making payments on the account
23 through Plaintiff's Chapter 13 plan.

24 100. In response, Plaintiff disputed the inaccurate tradelines via certified mail with Experian
25 Information Solutions, Inc.; Equifax, Inc.; and TransUnion, LLC on July 11, 2016.

26 101. Plaintiff's dispute letter specifically put each Creditor on notice that Plaintiff had filed
27 for bankruptcy and the account was not reporting the bankruptcy accurately or worse
28 not at all. Plaintiff specifically requested each Creditor investigate the proper way to
 report Plaintiff's bankruptcy. Plaintiff noted that there should not be any past due
 balance reported, the account should not be listed as charged off, transferred or sold,

1 with an inaccurate monthly payment or that the account is in collections. There should
2 not be any late payments reported after Plaintiff's case was filed and to ensure that the
3 proper monthly payment was being reported. Last, Plaintiff noted that under *Gorman*
4 *v. Wolpoff & Abramson*, Plaintiff expected the accounts to be reported disputed if the
5 Creditor disagreed with Plaintiff's dispute.

6 102. Plaintiff is informed and believes that each CRA received Plaintiff's dispute letter and
7 in response sent Plaintiff's dispute to each DF via an ACDV through e-OSCAR.
8 103. On August 15, 2016 Plaintiff ordered a second three bureau report from Experian
9 Information Solutions, Inc. to ensure Plaintiff's accounts had been updated.
10 104. Plaintiff was not pleased to notice that the inaccuracies had not been updated or
11 removed. Plaintiff's Equifax score dropped by 19 points and Plaintiff's TransUnion
12 score rose by only 4 points. Both scores were below 600.
13 105. It was now over five years since Plaintiff filed for bankruptcy and Plaintiff's credit
14 score was well below what accurate credit reporting industry standards would project.
15 106. Defendant Specialized Loan Servicing, LLC was reporting Plaintiff's account,
16 beginning in 1000xxxx, with a balance in the amount of \$161,129.00, a past due
17 balance in the amount of \$6,799.00, and with monthly payments owed in the amount of
18 \$881.00, despite the Court Ordered treatment of its claim under the terms of Plaintiff's
19 Chapter 13 plan of reorganization. This is a stripped second mortgage. The terms of the
20 plan show that this claim is to be treated as an unsecured debt. Defendant filed a proof
21 of claim in the amount of \$160,540.98. The trustees' accounting shows that that the
22 principle owed on the account totals \$0.00 and that no past due amount exists. The
23 balance and past due balance listed by Defendant do not comport with Metro 2 industry
24 standards. Moreover, the balance being reported exceeds the proof of claim filed by
25 defendant under penalty of perjury.
26 107. The actions of the Defendants as alleged herein are acts in violation of the Fair Credit
27 Reporting Act, 15 U.S.C. § 1681s-2(b).
28 108. The actions of the Defendants as alleged herein are acts in violation of the Consumer
Credit Reporting Agencies Act California Civil Code § 1785.25(a).

FIRST CAUSE OF ACTION
(Violation of Fair Credit Reporting Act 15 U.S.C. § 1681s-2(b))
Against Defendants and Does 1-100)

Specialized Loan Servicing, LLC –Failure to Reinvestigate.

109. Plaintiff realleges and incorporates herein the allegation in each and every paragraph above as though fully set forth herein.
110. 15 USC 1681s-2(b) and 15 USC 1681i-(a)1 prohibits furnishers from providing any information relating to a consumer to any consumer reporting agency if the person knows or has reasonable cause to believe that the information is inaccurate or misleading and requires a furnisher to update and or correct inaccurate information after being notified by a consumer reporting agency of a dispute by a consumer.
111. Defendant Specialized Loan Servicing, LLC violated section 1681s-2(b) by failing to conduct a reasonable investigation and re-reporting misleading and inaccurate account information.
112. The CRAs provided notice to the Defendants that Plaintiff was disputing the inaccurate and misleading information but Specialized Loan Servicing, LLC failed to conduct a reasonable investigation of the information as required by the FCRA.
113. Based on Plaintiff's dispute, Defendants should have known their accounts were included in Plaintiff's Chapter 13 plan of reorganization. The most basic investigation would include a simple review of well-established credit reporting industry standards.
114. Plaintiff alleges Defendants did not review well established industry standards for credit reporting.
115. If Defendants had reviewed such standards Defendants would have seen their reporting was not in compliance and consequently inaccurate and or incomplete.
116. Such an investigation would be unreasonable.
117. Plaintiff also alleges that Defendants did not investigate whether Plaintiff filed for bankruptcy, whether their accounts were included, the terms of the plan, or whether or not the terms had been approved.
118. The lack of investigation is unreasonable.

Experian Information Solutions, Inc. and Equifax, Inc. – Failure to Reinvestigate Disputed Information.

1 119. Plaintiff realleges and incorporates herein the allegation in each and every paragraph
2 above as though fully set forth herein.

3 120. After Plaintiff disputed the accounts mentioned above, each CRA was required to
4 conduct a reasonable investigation and to delete any information that was not accurate
5 under 15 USC 1681i-(a)1.

6 121. The most basic investigation required each CRA to send all relevant information via
7 an ACDV to the furnishers which they did not do.

8 122. Thus the CRAs failed to conduct a reasonable investigation and failed to correct the
9 misleading and or inaccurate statements on the account within the statutory time
frame or at all.

10 123. In the alternative Plaintiff alleges that each CRA has its own independent duty to
11 conduct a reasonable investigation under 15 USC 1681i-(a)1.

12 124. Each CRA is not a passive entity bound to report whatever information a DF
13 provides.

14 125. Plaintiff alleges that each CRA is readily familiar with Metro 2 guidelines and credit
15 reporting industry standards.

16 126. Plaintiff alleges that each CRA can and does suppress inaccurate information from
17 being reported when DFs provide inaccurate information.

18 127. Each CRA can and does instruct DFs on how to properly report certain accounts from
time to time upon request from the DF.

19 128. Each CRA failed to conduct a reasonable investigation because any basic
20 investigation would have uncovered that certain DFs were not following credit
21 reporting industry standards.

22 129. Each CRA would have known that Plaintiff filed for Chapter 13 based on multiple
23 other accounts reporting as much.

24 130. Each CRA would have known that Plaintiff's plan had been confirmed based on
multiple other accounts reporting as much.

25 131. Each CRA would have known that failure to report a CII given that a Chapter 13 was
26 filed did not comport with industry standards.

27 132. Each CRA would have known reporting a past due balance post confirmation does
28 not comport with industry standards.

133. Each CRA therefore did not do the most basic investigation regarding credit reporting industry standards otherwise the aforementioned would have been uncovered.

SECOND CAUSE OF ACTION

(Violation of California Consumer Credit Reporting Agencies Act
California Civil Code § 1785.25(a) Against Defendants and Does 1-100)

Specialized Loan Servicing, LLC – Reporting Inaccurate Information to CRAs.

134. Plaintiff realleges and incorporates herein the allegation in each and every paragraph above as though fully set forth herein.

135. In the regular course of its business operations, Defendants routinely furnish information to credit reporting agencies pertaining to transactions between Defendants and Defendant's consumers, so as to provide information to a consumer's credit worthiness, credit standing and credit capacity.

136. Defendants intentionally and knowingly reported misleading and inaccurate account information to the CRAs that did not comport with well-established industry standards.

137. Plaintiff alleges that Defendants re-reported the information contained herein in violation of California Civil Code § 1785.25(a).

138. Plaintiff also alleges that Defendants had reason to know that the information reported on Plaintiff's accounts were misleading, inaccurate, incomplete, and did not comport with well-established credit reporting industry standards.

139. Plaintiff alleges that Defendants had reason to know that by not comporting with well-established industry standards lenders will draw a more negative inference with respect to Plaintiff's credit worthiness.

140. Plaintiff alleges that the bankruptcy notices, disputes letters from all three credit reporting agencies, the consumer data industry resource guide, and results of its investigation should have provided notice to Defendants of its misleading and inaccurate reporting as well as being noticed of the plan confirmation and proof of claim forms sent by the U.S. Bankruptcy Court.

141. Defendant failed to notify Experian Information Solutions, Inc. and Equifax, Inc. that the information Defendants re-reported was inaccurate before the end of 30 business days, in violation of California Civil Code § 1785.25(a).

1 142. Defendants' communications of false information, and repeated failures to investigate,
2 and correct their inaccurate information and erroneous reporting were done knowingly,
3 intentionally, and in reckless disregard for their duties and Plaintiff's rights.

4 143. As a direct and proximate result of Defendants' willful and untrue communications,
5 Plaintiff has suffered actual damages including but not limited to inability to properly
6 reorganize under Chapter 13, reviewing credit reports from all three consumer reporting
7 agencies, time reviewing reports with counsel, sending demand letters, diminished
8 credit score, and such further expenses in an amount to be determined at trial.

9 Wherefore, Plaintiff prays for judgment as hereinafter set forth.

10

11 **PRAYER FOR RELIEF**

12 WHEREFORE, Plaintiff prays for judgment as follows:

13 1. For preliminary and permanent injunctive relief to stop Defendants from
14 engaging in the conduct described above;

15 2. Award statutory and actual damages pursuant to 15 U.S.C. § 1681n and
16 California Civil Code § 1785.31;

17 3. Award punitive damages in order to deter further unlawful conduct pursuant to
18 15 U.S.C. § 1681n; and California Civil Code § 1785.31

19 4. Award attorney's fees and costs of suit incurred herein pursuant to 15 U.S.C. §
20 1681n & o; California Civil Code § 1785.31;

21 5. For determination by the Court that Creditor's policies and practices are
22 unlawful and in willful violation of 15 U.S.C. § 1681n, et seq.; and

23 6. For determination by the Court that Creditor's policies and practices are
unlawful and in negligent violation of 15 U.S.C. § 1681o;
